Takaful Malaysia Collaborates with NUTP

Kuala Lumpur, 3 September 2022 – Syarikat Takaful Malaysia Am Berhad (“Takaful Malaysia Am” or “Takaful Malaysia”) and the National Union of Teaching Profession (“NUTP”) recently signed a Memorandum of Understanding (“MOU”) to offer a special protection plan for teachers who are NUTP members.

The MOU enables registered and active NUTP members to enjoy free Personal Accident protection with total coverage of RM100,000. With only a union membership fee of RM10.00 per year, the future of members will be protected. Effective 1 September, members can enjoy peace of mind in the event of unforeseen circumstances.

The MOU signing ceremony between Takaful Malaysia and NUTP was held in Putrajaya and witnessed by the Group Chief Executive Officer of Syarikat Takaful Malaysia Keluarga Berhad, Nor Azman Zainal. Takaful Malaysia was represented by the Chief Executive Officer of Syarikat Takaful Malaysia Am Berhad, Mohamed Sabri Ramli, while NUTP was represented by its President, Lt. Col. Bersekutu (PA) Aminuddin Awang.

Mohamed Sabri Ramli said, “The additional protection, which is the GPA product offered to all NUTP members, includes a personal accident benefit. Takaful PA Keahlian NUTP, which is given free to NUTP members, offers protection up to RM100,000”. This plan will help members affected by accidents or unforeseen events and, to some extent, can help ease the burden of NUTP members and their families directly.

NUTP President, Lt. Col. Bersekutu (PA) Aminuddin Awang stated, “We hope this collaboration will strengthen our relationship with Syarikat Takaful Malaysia Am Berhad while helping our members who face unforeseen circumstances in the future. We hope the teachers will take advantage of the special scheme by joining as a member of NUTP”.

In addition to the plan launched, Syarikat Takaful Malaysia Keluarga Berhad also offers the Takaful Medic plan, which has provided coverage for medical treatment at specialist hospitals for the past five years. Joined by 17,100 NUTP members, this plan enables them to enjoy medical benefits and hospital treatment through the scheme. This MOU will open up more opportunities for Takaful Malaysia and NUTP to explore and collaborate.
